ALSTON ELLIS, PRESIDENT

ATHENS, OHIO

Aug. 30, 1920.

Professor Rufino Blanco,
Director of the University,
Madrid, Spain.

Dear Sir:

Your letter of August 7th. and enclosed brochure were received on Last Saturday and I am hastening to comply with your request.

Enclosed in this envelope you will find a photograph of myself and some material in reference to my work here in the Ohio University.

I am very greatly pleased to know that you are bringing before the students of Spain the idea of a scientific study of children and that you recognize that I have given something of worth in this turning to the child in a way to add very much to our knowledge and to the help of children and child life.

I wish you success in the writing which you are undertaking.

Sincerely yours,

Oscar Chrisman
